

# Armed Forces Day Portugal 24 June 2011

To our colleagues from Portugal

The Men and Women of NTM-A offer our salute to our friends from Portugal on your Armed Forces Day.

The Portuguese Armed Forces can be found throughout NTM-A mentoring Infantrymen; working at the Logistics School, the Central Issue Facility, and Central Supply Depot; and training police at the National Academy. The Portuguese commitment to NTM-A is a vital one and each of you serve an important role in bringing stability and security to Afghanistan.

Although we are an international mission of many nations, our collective spirit and commitment make us a strong, unified force and serve as an example to the Afghans with whom we work.

We are glad you are here with us in Afghanistan and take great pride in honoring you on your Armed Forces Day.

James B. Mallory III  
MG, USA  
Acting Commander, NATO Training Mission - Afghanistan
